# NeatDesk® FOR MAC

DESKTOP SCANNER + SMART ORGANIZATION SYSTEM

NeatDesk for Mac is a high-speed desktop scanner and Smart Organization System that lets you scan receipts, business cards and documents all in one batch. InDocument Identificaton technology identifies and extracts the important information, and automatically organizes it for you. Transform receipts into expense reports, business cards into Address Book contacts, and create searchable PDF files from any document. Export information to PDF, Excel®, QuickBooks®, and Quicken®. Scan three paper types on both sides with one push of a button. NeatDesk for Mac is powered by Neat software for Mac.

SCAN IN RECEIPTS TO:

- Save digital copies of receipts and records of vendors, dates and totals
- Create expense reports and manage business and personal expenses
- Keep track of expenses for tax time (records accepted by the IRS)
- Export data to Excel®, Quicken® and PDF

SCAN IN BUSINESS CARDS TO:

- Keep digital images of cards and contact information
- Capture name, address, company, title, etc.
- Create your own searchable contact database

SCAN IN DOCUMENTS TO:

- Create searchable PDF files
- Organize and store in your digital filing cabinet
