

NeatReceipts[®] FOR MAC

MOBILE SCANNER + SMART ORGANIZATION SYSTEM

NeatReceipts for Mac is a mobile scanner and smart organization system that enables you to scan receipts, business cards, and documents so you can organize, store, and secure all your important information. Neat's InDocument Identification technology identifies and extracts the important information—and automatically organizes it for you. Transform receipts into expense reports, scan business cards into Address Books contacts and create searchable PDF files from any document. Export information to PDF, Excel[®] and Quicken.[®] NeatReceipts for Mac is powered by Neat for Mac software.

Neat software for Mac was developed from the ground up to help you manage information and get to what matters.

Scan in receipts to:

- Create expense reports
- Keep records of vendors, dates, totals, even sales tax
- Save digital copies for tax records (accepted by the IRS)
- Create your own searchable library of information
- Export data to Excel[®], QuickBooks[®], or Quicken[®]

Scan in business cards to:

- Capture contact information including name, company, address, email, website and more
- Save original images of business cards with each contact
- Send information to Address Book
- Sync contacts to your iPhone or mobile device

Scan in documents to:

- Create searchable PDFs
- Capture text that you can edit
- Organize documents into collections

NEATRECEIPTS FOR MAC FEATURES DRAG-AND-DROP FUNCTIONALITY, MULTIPLE VIEWS, AND IMPORTS eRECEIPTS. YOU CAN EVEN ADD RECEIPTS OR DOCUMENTS BY "PRINTING" FROM ANY APPLICATION.
